Dear committee **ICSAB 2021**,

Microsoft Office Translator

I submit the results of my revised paper entitled Inhibition of main protease enzyme (Mpro) by active compounds in cabya (Piper retrofractum Vahl.) for covid-19 treatment via in silico experiment with ID number S6-04.

We apologize for the late submission due to a technical problem. Thank you.

Best regards

Supriyanto

IOP Publishing **Morressier**

Dear Supriyanto,

We are pleased to inform you that the following Papers have passed the Publisher's checks and are being finalized for publication:

- Inhibition of main protease enzyme (Mpro) by active compounds in cabya (Piper retrofractum Vahl.) for covid-19 treatment via in silico experiment

The Papers are now entering the Production process to prepare them for publication on the IOPscience platform. An overview of the publication procedure is available [here](#).

Dear author,

Hope you are doing well,

We have reviewed your paper that was presented in **ICSAB 2021**, and we have found some mistakes that need to be justified by the author itself.

Please find attached the reviewed paper of yours. The comments have been added in the form review. You may address all of the comments from the reviewer.

Please **send us the revised one, maximum on December 17th 2021**. So, that will impact all papers that cause the postponement of the publication.

Should you have any questions, kindly let me know, thank you.

Best regards,
ICSAB 2021 Committee
